### **SUPERVISORY AGREEMENT FOR PHYSICAL THERAPIST ASSISTANT EXAMINATION CANDIDATE**

A Kentucky candidate for Physical therapist assistant certification by examination may be granted a **one time** temporary permit to practice when a completed "Supervisory Agreement" is received by the board **AND** all other application requirements are met. The Permit will be effective until the candidate has received the results of the examination from the Kentucky Board of Physical Therapy.

201 KAR 22:020 Section 7.

(2) Upon issuance of a temporary permit for a physical therapist assistant applicant:

- (a) The physical therapist assistant applicant shall work only under the supervision of a physical therapist practicing in Kentucky on an unrestricted credential.
- (b) The supervising physical therapist for the physical therapist assistant applicant shall:
  - 1. Be on-site at all times during the working hours of the applicant with a temporary permit;
  - 2. Be responsible for the direction of the actions of the applicant supervised when services are performed by the applicant with a temporary permit;
  - 3. Cosign all physical therapy notes within seven (7) days; and
  - 4. Document the date of the record review.

I, \_\_\_\_\_, agree to assure that a physical therapist will provide on-site supervision for PTA candidate, \_\_\_\_\_, and countersign all of the candidate's physical therapy records as required in 201 KAR 22:020 during the period she/he is working in Kentucky with a temporary permit. By signing this agreement **we certify that the PTA applicant will not begin job orientation, is not now, and will not practice, be classified, or hold himself out as being able to practice as a physical therapist assistant in any manner** in Kentucky until authorization to do so has been granted by the Kentucky State Board of Physical Therapy. We each further affirm that the unlicensed practice of physical therapy is a violation of KRS 327, and should we participate in such practice, that **each person** is subject to disciplinary action. We further acknowledge that a person who fails to sit for, or pass the NPTE in this or another state can no longer work in Kentucky until the examination has been satisfactorily completed and the candidate is so notified by the Kentucky Board.
